## Expertise

- Wordpress
- Shopify
- React.js
- Node.js
- Express.js
- Mongoddb

## Language

- English - Conversational
- Urdu - Native

## Projects

### Hotel Reservations App

Developed a fully responsive Hotel Reservations Web app using MERN Stack. Users can securely book hotels, while administrators manage hostels and rooms via an intuitive interface. Implemented user authentication, RESTful APIs, and ensured scalability. Led the project lifecycle for timely delivery.

### E-Commerce Dashboard

Developed a fully functional E-commerce Dashboard for admin-side data management. Leveraged React.js for the frontend and MongoDB with Node.js for the backend. Utilized Express for server-side rendering, enabling seamless CRUD operations for product management. Implemented scalable REST APIs for efficient application functionality.

### Digital Marketing Website

Designed and developed a dynamic website for a digital marketing agency using WordPress. Created a visually appealing and user-friendly interface to showcase services, expertise, and client success stories. Implemented custom themes and functionalities to meet the agency's specific requirements, providing a seamless online presence.

## Certifications

- Meta certified front-end Developer (2023)
